'Mystifying Mandalas'

A mandala by Frank Williams now on display at Grill A Bites in Ashland.

Betsy Lewis Art Event Productions is presenting "Mystifying Mandalas," an exhibition of digital fine-art mandalas by Frank Williams through April 30 at Grill A Bites, 47 N. Main St., Ashland.

Williams is a recent transplant to Southern Oregon. He is a professional photographer who

established and operated a successful award-winning studio and commercial photography business for 25 years in Colorado.

Hidden within the kaleidoscopic patterns of Williams' new mandala works may be a flower, a skyline, a bird's beak or the fringe of a tree. They are images within images,

stories within stories, and slices of life which

Williams says "bubble up from his soul." They draw a viewer inward toward their center while simultaneously expanding them cosmically outward.
